Baltic Boys XXX

Artikel info:-

Miki, Gerit and Yan are the names of these three extremely attractive boys from Lithuania and Latvia. All three are new to Fightplace and have their début in "Baltic Boys XXX". After arriving at a hotel in the evening the three boys hang around on the large hotel bed watching TV. Afterwards they want to go to the disco, but before that to freshen up. Miki is the first to go to take a shower, and since they don't understand the German TV programme Yan and Gerit are fooling around. Yan is showing off his muscles and tries to persuade Gerit into a little fight. Shortly afterwards they are wrestling on the mattress. Yan is the stronger and heavier of the two and Gerit tries hard to succeed against him, in the beginning very playfully but over the course of the fight increasingly roughly. Miki is enjoying his bath very much and watches them through the milky glass. He has fits of laughter because he thinks that both of them are no good. After his bath he wants to take on the winner. Yan is also now getting more forceful and wants to strip off Gerit's clothes. Gerit, however, does not give up his shorts voluntarily or easily, and takes revenge by suddenly fiercely ripping of Yan's pants. They wrestle naked for a while until finally Gerit is forced to to give up. Yan enjoys his victory and triumphs by putting his foot on Gerit. Miki doesn't like this at all, emerging from the bathroom, sitting down beside Yan and starting immediately to taunt him. What looked in the beginning like a friendly tussle now turns into a hard fight. Physically it would seem that Yan is here too the stronger fighter, however, the battle shows the opposite. Fine-boned, wiry Miki pounces on Yan and is extremely fast, brutal and agile. Yan has almost no chance even to catch enough breath to fight. Great action, super moves, it's beautiful to watch how those two get going here. When both boys are almost exhausted the fight takes an erotic turn; in the middle of it all both are overwhelmed by passion. The holds become more sensual, the moaning louder and more aroused. It's clear who will serve whom here in the end, and it happens as expected. Miki can relax and enjoy his victory while Gerit watches and is inspired to play around a bit himself.
