Cocky Attitudes

Artikel info:-

When dudes like Jeff and Lukas meet for a round of table football it's quite clear that it doesn't stay on the kicker game. Both pretend being relaxed and friends but the situation is testy and each one wants to show the other who's best. When Jeff wins and starts sneering at Lukas being a loser it is happening and Lukas wants a fight. Confident of victory and quite arrogant he faces Jeff who acts the same and a hot fight starts immediately. Also in this fight the spectator can see, nothing is arranged and it's a hard fight for victory. "Long shaking scissors" the specialty of Lukas are used also against Jeff. But he is tough and besides some groaning and moaning he doesn't let something show. It's just the opposite, he's getting frantic and uses heavy ballgraps as defense. Lukas is a little bit inhibited using such tricks but soon he has no scruples anymore. Boxing, wrestling, submission, the viewer gets it all. Hard blows against the bodies, muscle riding, long schoolboypins and many head and bodyscissors. Jeff's wedgies are hard, too hard for Luka's shorts. Was it the right decision to challenge Jeff? Who leaves the room as the winner is kept as a secret for now &hellip;
