Tag Team Battle 5 - Part One

Artikel info:-

Marcel brings in a newbie to fightplace and wants to compete with him against Knut and Lukas. We set up a tag team fight for both teams. First head-to-head later fights that can be changed by high five. Gustav, the new one, is a gangly, slim fighter who did judo in the past is able to score against Knut with some of his tricks. But he has a lack of condition. Marcel is fighting aggressively and intensive so it's hard for Lukas to keep the upper hand. Knut has to suffer under the power and agility of Marcel. So it's a draw for a long time between the teams until it comes to the final decision. A two-parter showing real fights with Lukas and Marcel at their best! Is team Marcel/Gustav able to conquer the experienced opponents?
