Real Hard Scissors 5

Artikel info:-

Fightplace got another newcomer. Nigel, just 19 years of age, met Toni and Momo at the casting. He should not fight against both of them, because he's just new and inexperienced. So Momo and Toni draw lots, to find the rival for Nigel. Momo won the gamble. All of us know Momo's preference for scissors, so we decided to continue our Real Hard Scissors - series with this movie. And this is what we got. The poor newcomer Nigel is not able to notice what's happening, because Momo starts with his brutal scissors so that Nigel needs to gasp for breath all the time. But that's not the whole bundle of Momo's "torture-bundle". Ballgrabs and Wedgies are favorite devices of Momo. Nigel is going mad, because of the hard circumstances and he is able to let oneself go, but would this be enough to beat the experienced Momo?
