The Christmas Tree - Part One + Part Two - Bundle

Artikel info:-

Knut, Alfred and Pedro want to decorate the Christmas-tree of the Fightplace living community. At the beginning they complet this job really good, but as they began to place the lighting they got in trouble, because no one wanted to take this tricky job. Instead of that they prefer to smoke a cigarette and shout out some stupid things. For sure they continued this stupid stuff until Alfred got mad and challenged Knut for a fight. At beginning they were just kidding each other but from minute to minute both of them evolved a growing ambition to win the fight. The painful Scissors of Alf wear Knut out, but Knut is very tenacious. At least Alf was able to win the first round. You can notice then he still gets more power and tricks. Pedro just watched this round, but now he wants to fight Alf, too. With this opponent Alf needs to try harder then before. Pedro is muscular and we'll trained, but he is not that experienced. This is just his third fight at Fightplace. He really need to take care for Alf's legs, because he learned how to use them. If you're caught up in his Scissor it would be hard to free yourself. Pedro enjoys to perform SchoolBoyPins combined with riding the muscles of his victim. If there is any chance to sit on his breast or stomach he uses this opportunity to crush Alf's biceps with his knees. At least the fight got balanced but really hard. But the following consequence is that there could be only one winner. Alfred or Pedro? In the second part Pedro wanted to fight against Knut. Introduced by a short boxing session, they changed into a hard wrestling match, which was not that easy, but it got a special erotica touch (all our Fightplace Fans know Knut). Knut is not shamed to use any nasty trick to free out of Pedro's graps or to torture his opponent. Wedgies that nearly rip his shorts, Ballgrabs, Nipple-Twister, Gut-Punching and different attacks with his feet. This is a totally new area for Pedro but he learned fast! So he revenged for the nasty tricks of Knut. It's really funny to watch the two boys because it never got boring.
