Artikel info:-

Ramon, Joe and Devin visited the little Jim (new at Fightplace) to celebrate his birthday party. Jim really wanted to play pot hitting with his friends. But actually they just wanted to provoke Ramon. When Ramon had his turn, they always got new ideas so that Ramon won't find the pot. So they got in trouble and then they went into the basement to continue the party in a little wrestling tournament. Joe was in a team was Ramon and Devin fought together with Jim. Joe and Devin, who are in combative, began and directly performed some really nice moves. One of the highlights was the school-bulypin, which was hard to handle for Devin. Afterwards our new one had to show his skills. Jim surprised us with his tenaciously and very active combat mission. He showed no fear. Neither against Ramon nor against Joe. That impacted on us! Jim, just 15 years of age is really good and for sure he will get better. He had a good fight against Joe but when he changed with Ramon it became much harder. Ramon took the lightweight like a toy. Jim had not enough power to vanquish Ramon, who is way more heavy then him. But he put his best foot forward and that's the important thing! Unfortunately he had to give up a little earlier this evening because he had to puke, because of really hard Scissor of Joe. It got very exciting when Jim and Devon exchanged. Now Devin and Ramon and Ramon and Joe had some very hard matches this evening, performed some extraordinary moves and disrespected each other the whole time. The coronation of the evening was the battle between Ramon and Joe. Noone of them wanted to give up, although they had two hours of fights. Ramon could just win this fight by doing some really hard punches into Joe's stomach. It was not that fair so we will see a revenge between Joe and Ramon!
