Bicycle Boy

Artikel info:-

At the beginning they were just rivals on the street, but then they became rivals on the mats. Ramon nearly crashed into Knut's car so the situation turned into beef. They had a little fight on a lawn. Knut was able to throw Ramon in the trunk of his car. He drove to the Fightplace-Headquarter with the special lading. Then he got him free to went down to the basement. Here he wanted to continue the fight in a fair match on the mats, dog eats dog without any troubles. He want to show Ramon his borders. We notice that Knut changed. He wanted to change his "loser image" by all available means, to establish himself as a true fighter. In his past fights you could notice that and it continued in "Bicycle Boy". And you see: he is able to be a good fighter, if he is in the right mood. Combative, very flexible and full of stamina. Ramon didn't expected that, so he had to endure some hard confrontations. They grabbed each other to throw the opponent down the floor or smash against a wall. They performed some long holds, nobody wanted to give up. Both of our fighters are very tenacious. This confrontation is very exciting and nice to watch, too. The little powerhouse Ramon vs the slim, more petite Knut performed an awesome fight. They showed us nearly every common move. A nice mix of powerful and fast scenes and torturing holds. If they got desperate, they showed us some nipple twister, ballgrabs and gut punching. Knut, who was wearing a tight, orange speedo had to endure some hard wedgies. But we will not tell you who the winner of this match is. The little powerhouse Ramon, just 16 years of age, or Knut, 21 years of age, who is an experienced, flexible fighter.
