Underwear Attack 2

Artikel info:-

When Knut and Moe return from jogging they find a package at the headquarter. They are curious what is inside the parcel and so they open it and find many underwear and bathing trunks. All brand new and there is even a 3D exemplar. They have to test those articles of course. Knut is a bit annoyed anyway since Moe was very unambitious during their jogging round. He insults him as a pussy which Moe does not like hearing at all. Since both guys have enough energy left they head to the next room to clarify the subject. Knut puts the lightweight Moe into a bearhug right away and uses a mega wedgie on him. But Moe knows how to fight back and brings Knut to the ground. They toss around until Knut warps the situation up. He poses above Moe in a schoolboy pin with relish, lets him smell his socks and gives him some slaps into the face. That's enough for Moe who collects all his power and is able to free himself. Now it gets harder. Moe grabs Knut and rides him like bull riding. Besides he has a crush for Knut's butt. He kneads or slaps it delightfully whenever possible. Before he has to expose it with a wedgie of course. And he is also up for Knut's front. When he has him backwards on top of him he grabs his balls and gives him a real cock and ball torture. Now the ice is broken and the fight turns into a rip and strip action with many ballgrabs and heavy fight attacks. Since Moe is quite light Knut often packs him into a bearhug. The chance for Moe to give Knut's shorts the rest. When Knut wants revenge it gets painful. Moe's shorts are much more solid and so he ties him into the air until the speedos finally tear apart. It's no problem for both guys to fight in shredded shorts. They keep on fighting until the next break. Then they get themselves a new one from the package. When Moe has his opponent on the ground again he gets the idea to dash himself and Knut with oil. He proudly presents his dainty but muscular body. After that he sits on Knut in a schoolboy pin and then nearly on his head and presents his best part as well. Now he grabs behind him and gives Knut a mean ballgrab. Now Knut starts his offensive. It gets quite slippery and they have to grab each other's shorts to get a hold of the other fighter. During these attacks the one and other shorts shred a we get to see a lot. The fight gets harder, more brutal and even perverse. They fight each other into ecstasis. When Knut is knocked out for a short moment Moe uses the chance to tie him up and gag his mouth with some shreds lying around. Now the torture begins. We don't want to describe every detail now. Knut is able to free himself and the fight goes on. It seems as if Moe would prevail for a long time. He humiliates Knut with many schoolboy and bullpins. Knut is very harassed and sees only one chance. A mean and painful one. With a heavy hit on Moe's balls he turns the tables. Now Knut deals out. And when Moe gets upper hand again Knut gets mean. He

bites, pinches and uses other vulgarities to free himself out of the holds. The climax is hit when they hold each other on the balls, Knut chokes Moe with some shreds and Moe spits on Knut. But this is not the end. They still have to test the 3D trousers along with the glasses. Have fun with Underwear Attack II, one of the hottest Fightplace production in 2017!
