Kinky Combat

Artikel info:-

When two of our most crazy boys enter the ring to fight each other it gets hard and hot at the same time. Clothed in wrestling singlets the boys start their hardest meet up. The first round Jermaine is in the leading role. He shows class A tricks and turns Knut into his victim. He strangles him with his singlet and herds him through the ring like a dog. After the first round it gets too hot for the guys. The singlets fall and they keep on fighting in thongs. Again Jermaine fights harder and holds the best cards. He chokes Knut like mad and Knut realizes that this is no fun anymore, gets angry and chooses uncommon actions. A well aimed hit and a grab into Jermaine's crown jewels take the fight to next level. Jermaine still has the upper hand with choking and leg scissors but Knut knows how to fight back. He throws Jermaine brutally to the ground. After that Jermaine shreds Knut's thong and spansks his ass with his singlet. After Knut is up again the fight turns into the next level. But again Jermaine stays in the leading position. He struggles some time but wins the round. Knut who was fighting naked until that time needs a brake and returns with new shorts. He knows that he has lost several round and has to turn the tables now. So he starts using mean tricks and attacks Jermaine's cock and balls again and again. But he has no success since Jermaine revenges with the same attacks. Jermaine has to suffer a lot as well but keeps upper hand. But after attacking Knut on the ground with his feet he has to feel Knut's fury. Now Knut has to take a lot since Knut fights with all tricks. The next minutes are even since Knut finally reached his best form and is able to strike back. As often the decision comes in the final round. And so it gets even harder again. Just at the beginning the guys shred each other shorts and put everything, really everything in the balance. Scissors, headlocks, hair pulling, ballgrabs, schoolboypin, gutpunching, choking, posing are just some keywords for the last and final round.

Play length approx 54 min.
