Artikel info:-

Antonio (20) practices acrobatics while waiting for his personal trainer Brutus (25) who should teach him some wrestling tricks. Instead of his trainer Wladi appears. Antonio does not know Wladi and what comes up to himself agrees to fight with the Fightplace bolide. Antonio is unexperienced and chanceless against Wladi. He turns into his plaything and Wladi has his fun with him. Wladi wants the cute and luscious boy naked and shreds his shorts after a short time. The situation changes when Antonio´s personal trainer finally appears. First Brutus roots for his charge but than wants to try it against Wladi himself. His chances are much better since he is an experienced martial artist. And Wladi has his work cut out to tame the little powerhouse. Antonio like the fight of the two guys, he is really turned on by it. He intervenes again and again grabbing the crown jewels of the guys or annoys them with his hitches. After Wladi has finished Brutus he takes on his student. Heated by the fighting action they get quite horny and can´t hold back their lust. This leads into two solos with a happy end.
