Battling Workmans Overalls

Artikel info:-

Wladimir works with the trainee Joey on an carworkshop. After a short time the boys argue because Joey does not find the tools, the Wladi needs. Joey has a quite big mouth compared with Wladi. Then in the rear space of the workshop it comes to a hot Fight which has it in itself. Both tug at the opponent's trousers and try to defend themselves with tricks like Wedgies and ball grave. Because they are alone in the workshop, they go absolutely unrestrained to the thing and then sometime her overalls also fall victim to the rice attacks. 50-minute Rip-and Stripfight of the harder kind.
