Rumble in the Attic - Part 3 + 4 - Bundle

Artikel info:-

Lukas and Toni are bored to death. They bum around in their apartment, having no idea what to do with their time. Lukas plays around with a cat mask, and he mentions to Toni that he bought it so that he can wear it at wrestling. The word "wrestling" seems to have touched a nerve with them, and Lukas keenly challenges Toni to a match. Toni can't help laughing, and he says that Lukas stands no chance against him, being so much smaller than him and everything. Still, they soon end up in the attic. Lukas goes into full combat mode right from the beginning, giving Toni a bad thrashing. His hard body scissors make life especially miserable for Toni. Toni does manage to get the better of Lukas now and then, but the little powerhouse, Lukas, always ends up gaining the upper hand. Round after round, he comes out the winner. To make matters worse, he humiliates Toni by ripping his shorts apart, bit by bit, and attacking him with ball grabs. In the second half, the fight gets harder and harder. Toni refuses to admit defeat. He visibly exerts himself, but it simply isn't enough. In the end, Lukas goes all the way and keeps Toni in a headlock until he passes out. Then, suddenly, Charly and Momo appear, alarmed by the racket that the two fighters were making. Just another challenge for Lukas, or will this be his undoing? The action continues in the 4th part of Rumble in the Attic!

Charly and Momo have suddenly appeared in the attic, and demand to know from Lukas what had happened, and why their friend is passed out on the floor. Lukas tries to weasel himself out, provoking the two lads. He challenges the both of them to a match. But it turns out that this was his biggest mistake, for Momo has clearly improved his strength and repertoire of moves, and he opens the fight by trapping the smaller Lukas between his legs. Lukas has no chance of escaping, and has to submit after a few minutes. The second round, now against Momo, is equally brutal. Momo displays impressive fighting prowess, much unlike his performance in previous matches. He clearly enjoys tormenting little Lukas. At times, the fight devolves into sessions of spanking, with Lukas's bottoms getting redder with every slap. Extreme wedgies and excruciating ball grabs are just a little sample of Momo's repertoire. In the last 30 minutes, however, Charly and Momo turn against each other, after Lukas blurts out that Momo is secretly seeing Charly's girlfriend. Charly confronts Momo, and the two end up fighting. Thus, an epic battle takes its course.

Play length approx: 120 min.
