Call Fightplace 2

Artikel info:-

In Call Fightplace 2, Montana wants to challenge his colleague, Marco. Marco, who is 19 and sports several tattoos, accepts Montana's challenge. Late in the evening, they meet in Marco's apartment. They sit in the living room, and begin checking each other out. Montana marvels at Marco's tattoos, but he says to him: "Marco, you have too few muscles!" Marco replies: "Man, you got no idea, I have enough muscles. Let's do some training with the dumbbells!" A while later, after some exhausting training and body building, Montana challenges Marco to an arm wrestle. Marco loses, but he won't accept defeat just like that, so he says: "You win at arm wrestling, but I would beat you at real wrestling!" They immediately begin to clear the living room, to create a perfect fighting arena. The fight is on, and it's a flurry of punches and even kicks. Both fighters go for it extremely hard. Montana, who already has had some experience in kick boxing, gets to dominate the smaller Marco with his headlocks. But Marco gets bolder, as the fight progresses, and he counters with increasingly harder punches, and he also uses some nice tricks in the ground fights. They wrestle on the hard laminate floor, but that doesn't seem to bother them. Only the fight counts! They even tumble on the couch, which serves as an additional fighting space. Drenched in sweat, they keep going at each other.
