The Townie

Artikel info:-

Fresh country air, happy pigs and a job on the farm. If Marcel had not caused any trouble, it would certainly have become a nice day for Jasper and Jack, who work during their holidays on a farm. While they are cleaning out an old shed they are suddenly interrupted and accosted by Marcel. Who is this strange and well-dressed boy? He doesn't come from their village, and he is too well-dressed for country life. It quickly turns out that Marcel is on holiday to visit his grandmother. But being with her had become boring, and so he had gone exploring in the village and thus discovered Jack and Jasper whom he greets in a slightly rough manor. Because Jasper and Jack have no interest in further cleaning anyway, they take the opportunity to start on the new boy. Thus it comes down to a test of strength between Jack and Jasper, however here too Jasper has the upper hand and lets Jack know it! Jack has to learn the lesson that town boys can fight too. And city boy Marcel has a new friend, Jasper, who will certainly teach him many more tricks. Have fun in 60 minutes of country life with Jack, Jasper and Marcel!
