Decision at dusk

Artikel info:-

It's early evening and Stalion is out jogging when he meets Tibet. They recently had a scuffle in the disco and through talking about this a fight between the two ensues. Well aware that Wladimir will not be able to fight for quite a while, they both have hopes of winning the title "King of Fightplace". Tibet's chances are quite good because there is not a lot of competition. However Stalion is one of his competitors. The two are of equal height and weight and similarly ambitious; willing and able to win a fight. Retreating to a secluded meadow the boys stand facing each other. Only clothed in their underwear they show their muscles and try to intimidate each other. Italian temper meets Arabian blood! And so the fight begins. Round after round a tough struggle for victory; arduous action, long-lasting holds. Tibet uses his strong soccer-trained legs to try to choke Stalion with leg-scissors. Stalion in return knows well how to use a head-lock and puts Tibet through his paces with that. In desperation Tibet starts employing ugly wedgie attacks which cause Stalion to almost freak out and tear off Tibet's pants. Now only clothed in a tanga, Tibet has to prove himself. A very balanced match, but only one can make the next step towards becoming "King of Fightplace".
