No Respect! - Part Two

Artikel info:-

Alfred gets a lesson in fighting by Basti. Basti shows him how to use his legs and after some scissor exercises he's happy about his success. But they have a hidden audience: Marcel, Bubu and Hardy are lurking in the hallway and observe the action in the fightroom. When Basti notices them he asks them to come in. Bubu and Hardy are instantly teasing Alfred not granting him his progress. They say he'll never be a good fighter and are laughing at him. Basti is not pleased about that and sends his student on the mat to fight against those loudmouths. Alfred fights bravely and gives it everything but Bubu and Hardy have "no respect", even not towards Basti. A big fight night is triggered off. In a two hour match the guys show their skills and fight without respect and without regarding health or vanity. Those fights top everything seen before. Fast and hard moves as well as long torturous holds. Everyone dishes out and everyone has to suffer. No matter how, boxing, wrestling, kicking all tactics are used. This film is not for the squeamish. Because of its length a two-parter of 60 minutes each.
