Motel Mat Room 5

Artikel info:-

Knut is amazed at seeing his old buddy Jens for a long time. They meet at a city trip in a hotel and Knut realizes immediately that Jens must have trained hardly. Even though he knows that Jens is a good fighter he challenges him for a match in the hotel room. That surely was a big mistake. Jens has fun on torturing and is a perfect wrestler. Now he gives vent on his sadistic instinct and brings Knut into positions he never knew before. He starts with more harmless attacks like wedgies and scissors but continues with excessive submissions and humiliations of Knut. The poor guy has to suffer the feet of his opponent on his face, spanking action and hard ballgraps. But Knut is tough and doesn't surrender quickly. Hi tries to stand up against Jens again and again. A punishment fight at its best!
