Artikel info:-

Pepi (19) a strong lad from Austria temps on a farm during his holiday. On his first day he instantly has to unload bales of straw but doesn't get along with that kind of hard work. For Eddy (20) who is also unloading Pepi doesn't work fast enough and so he provokes the younger guy constantly. When the trailer is empty they goaded each other that much that they head to the meadow behind the house to fight head-to-head. The wiry Eddy challenges Pepi who accepts immediately. With his enormous power Pepi attacks womanizer Eddy and throws him to the ground. Eddy is surprised by his strength because during unloading the straw Pepi seemed a lot weaker. Has he deceived in Pepi? Eddy wearing only loose shorts realizes quickly that he is inferior to Pepis power. But surrender is no option and so he tries to free himself out of the pins and scissors. But instead of getting free he has to eat grass and endure nipple torture. Pepi has fun with his defeated opponent, pressing his head into the grass and slapping him into the face. Eddy gets more and more furious but is unable to control the 75kg of his opponent. He is thrown on the ground again and again and has to suffer a lot until he finally surrenders totally demolished.
