Cool Bathers

Artikel info:-

Wladi and Basti want to spend a comfortable afternoon in the water, sunbathe and simply have some fun. On the shore they see Mario who is smoking a cigarette and looking at them constantly. Of course Wladi takes this as a challenge. Wladi and Basti feel quite strong in a pair. They irritate Mario with words and by splashing water over him. Mario, very self-confidently, asks Wladi for a Fight. One thing is clear: Whenever Mario and Wladi fight, it becomes a hard, tough match. Both are not good losers and want victory at all costs and this time is no exception! Who will be the winners in the first match of "Cool Bathers"? In the second Fight Basti and Mario have an extreme submission match where it is about victory and honour. Basti does not have as much combat experience as Mario, however, he finishes him with his speciality, "legscissors".
