Disturbance

Artikel info:-

Tibet is surfing on the internet and doesn't want to be disturbed because he chats with his girlfriend. Steve has other plans. He is pumped and wants action. So he annoys Tibet while he is in front of his computer. Sweet little Steve gets more and more cheeky and seems to be unafraid of Tibet. He has enough soon and competes against Steve to have his peace. Tibet is sure that it'll be a fast fight, which fighting skills should Steve have? First round. Unbelievable how Steve acts. He has no fear and even gets control over Tibet. Really surprisingly. But one thing is for sure. Against Tibet it's not enough to know some tricks, you also need power and stamina. The little one knows some tricks for sure and he also has enough stamina but after 30 min his power slumps. From now on Tibet fights merciless. Steve's Calvin Kleins have to sustain many hard pull tests caused by mega wedgies. Steve suffers. Bathed in sweat and demolished he's on the ground after 50 minutes. He will think twice if he bothers Tibet a second time.

Play length approx - 47 min.
