Artikel info:-

After checking each other out while smoking a cigarette Shorty and Patti attack each other in a heavy way. Both have developed quite well and belong to the elite fighters of fightplace. Shorty wasn't fighting for quite some time but that's hardly noticeable. He aims a blow as always. Patti is able to defend himself but it's hard for him to stand against the strong and technical outstanding fighter. Shorty is top class. Patti suffers punches and even kicks. He tries to deliver out of Shorty's scissors even using unfair practices. But is the bodybuilder able to conquer the perfect technician?

Play length approx - 46 min.

Charly got wind of Shorty's return to the team and asked for a fight immediately cause of having a score to settle. After consulting Shorty we agreed. We invited them for a reunion. It got hard, brutal, even borderline. Charly provoked and insulted Shorty to the max not knowing what the consequences would be. Shorty got mad, really mad. His reaction could be now seen in "Mad Man". We had to interrupt the fight several times because Charly was totally done or hurt. He tried to free himself with ballgraps out of hopeless positions but Shorty wasn't impressed by that. But he persevered quite well and was partly able to aim a blow. So Shorty had to take some hits, too. A thrilling, wild fight with two extremely hard fighting guys.

Play length approx - 44 min.
