Minutes of Demolition

Artikel info:-

Bubu and Knut are hauling furniture, a table, a wardrobe, up and down the house. Bubu is in a nasty mood because he can imagine himself doing better things than dragging around stuff having such a nice weather. He takes his bad mood out on Knut. Bubu gets on Knut's nerves bossing him around. And it gets warm while they carry things so they strip off their shirts. When they should pack a sofa in the garden the struggle begins. Bubu takes on Knut and rips his trousers in shreds. Only wearing undies they head to the fightroom. Bubu lets feel Knut all his strength being really angry. Scissors, headlocks and even combinations of both. Muscle riding, wedgies, ballgraps and nipple torture. Knut has to suffer a lot again. Finally he is chased out of the room with a kick in the ass.
