Wet Wrestling XXX

Artikel info:-

Diving action was on the agenda. But since the river had a low water level the guys could just do some jokes in their wetsuits. Well build Rocky, 23 and new at fightplace was turned on by the tight diving suits that he could hardly wait to get Toni onto the mats. There he showed him, first in his clothes, later in the slip and at the end naked who is the king in the ring. Toni has to lick his pecs and biceps. Toni is nearly never on top of the macho who lets him feel his power pressing Toni into the water. It's getting hotter and hotter and after some time both slips are off into the water. Heated up by the fight both unload at home, Rocky on the bed and Toni under the shower.
