Handicraft - Part Two

Artikel info:-

The fightplace offices are due for renovations and the two handymen, Wladi and Stalion, have hired the apprentice Chesko to help lay a new floor. But misunderstandings about just how the work should be done continuously interrupt their progress. It goes so far that Chesko and Wladi even tangle on the floor. Since the wrestling mats are still in the next room, the guys decide to continue their fight there. Chesko, returning after a short break, is in great form and holds his own against Wladi. It is amazing what fighting skills this 17 year old has. Even Stalion finds himself on the receiving end of Chesko's fighting talents and has to endure a few wedgies and headscissors. Wladi's finally resorts to ballgrabs to try and save the situation. Obviously, Chesko's break did him some good and he is now back with a vengeance! This 2-part download, bzw. 2 DVD (running time appr. 80 mins) is a must have for all Fightplace fans !
