Bad B-Day - Part One

Artikel info:-

At Knut's-B-Day-Party, Momo and Blade met up after a long interval. Promptly they got in trouble, because they're not that best friends. Knut tries to distinguish them but he failed. Quick as lightning, Momo takes the surprised Blade to the ground through a skillfully toss bombing. Momo was mad and Blade felt it on a painful way. Blade received a lot of punches and Momo's grips at his balls are also hard. During the fight Knut made sure that there are plenty of refreshments and refueled Momo with Beer. He got wilder because of the beer and dealt a lot of damage. Blade slightly demolished didn't know how to help himself differently as to tear Momo's shorts. Momo, who is not that shy, is not that distracted by this. After every round he presented the audience with his naked body. He seemed to be a show-off because he posed all the time. But Momo created the impression that he enjoys to present his naked body in front of his friends. Knut threw a bucket of water onto the sweaty fighters to cool them down. But even this cold water could not split the forceful boys up. Shortly after the beginning of the second round Momo was able to tear the pants of his opponent. The fight went harder because the Holds got longer. Momo showed his worst side because he started to torture Blade with his hard Ballgrabs, Ballsqueezing and Niple-Torture. Momo wanted to beat up Blade. Momo had any inhibitions and his hand was always searching for Blade's cock or his testicles to torture him. Under this pretext Knut wanted to split the fighters up, because he thought that Blade was not able to bear this pain. He shouted out, that Blade's girlfriend had an accident and that Blade had to go back home now. Blade ran away. Momo shouted at that the fight is going on the next day, because he didn't finish his enemy. The next day Momo and Knut met up to tidy the party-location. Knut blamed Momo for crashing his birthday-party. A hard dispute began. Knut wanted to get Momo back for the crash of the party, so he wanted to fight at the attic. After reaching the attic, both of them undressed themselves. Then the fight started: Momo got Knut into a Front-Headlock and later into a HeadScissor. He grasped him so hard, that he was able to give Knut a big Wedgie. Momo used this great position to leather Knut's ass. Momo continued the fight the same way like he stopped it the day before with Blade. Ballgrabs and CBT, which were very painful. Knut's skinny shorts got torn, too. The second round was painful as hell. Knut got into a Front Headlock of Momo, too. Later Momo was able to use his redoubtable Scissors to torture his new opponent. While Knut was unable to move, his enemy grasped his balls and rioted on them. Continuing with Bullypins and hard grasps, Knut wasn't able to fight. He needed a break. So
