The last fight of them was Pedro's first one so he got a period of grace. The first minutes were more quiet and they respected each other. But this changed after a few minutes. Hardy enjoyed his cute opponent and Pedro had to notice that. But Pedro didn't wanted to use any erotically stuff, he just wanted the victory. Since the last fight, Pedro had same other ones, too. So he got more experience and more tricks. Hardy seemed to be a little but surprised of that. It was very hard for him to contest his opponent. Both of them have good technical skills. Scissors, Headlocks and schoolboypins are very common in this fight. But what about the stamina? If Pedro dominated Hardy he was just able to counter with ballgrabs.
