The Casting

Artikel info:-

Bob and Barney were waiting for a new fighter. Sky entered the casting and was very self-confident. The muscleman would like to fight against Wladi immediately, but he went out that day. So Bob wanted to take this fight. They are almost equally big but Sky weighs about 10kg more than Bob. This is no fat, just pure muscles. Bob is not unhibited by this, so both of them went into the fightroom immediately. Indeed Bob didn't have to hide from his opponent, because Sky could not handle his power and Bob dominated the fight. He performed some nice scissors and headlocks. The fight got harder and harder because Sky noticed that he can't win if he fought like this. Bob had to handle some hard gut-punches because Sky didn't want to be the loser in his first fight. Both of them are fighting on the same level, the fight became way harder and both of the two guys had to Do their best to be the winner of this match.
