Artikel info:-

Stefan came over to earn some money for the christmas time. He was surprised and relieved when the little Moe opened the door. He wanted to fight and he thought that there would be a tall, well trained man who would be his opponent, but when he saw Moe there were no more scruple and he was happy about the fight while they were walking to the fightroom. Moe was happy too, because he wanted to show him all techniques and tricks. When we say "all" we mean all! Stefan was very surprised about his opponent. He didn't expect this performance of our youngster. So he had to learn fast, to counter all of the tricks and grabs and this worked well! We were very surprised about the huge power of Stefan, 18 years of age, who is slim. Without any break the two fighters performed a nice fight, full of action. They used many ways of humiliation to dominate their opponent. Nippletwists, ballgrabs and wedgies. Moe loves to perform bullypins and schoolboypins, which we noticed in this fight, too. He was always able to dominate Stefan in this way. Stefan, more thin than muscular, learned fast and was able to counter in his own way. It's a nice match full of action and some nice moves!
