Master of Submission

Artikel info:-

Joe is training his muscles in the fighting room as out of nowhere Lukas is standing in the room. Lukas, known as a commander, forces the youngster to do push ups, to feel like a master. But Joe is not going in easy. Bravely he faces Lukas and challenges him to a match. Shortly after, Joe realises this was a big mistake... Lukas punishes Joe for this with his strong thighs. With those he nearly cuts off the air for Joe. Lukas changes between his feared scissors, schoolboypins and bullypins. Always when he sits on top of Joe he maltreats him with bitch slaps and muscle riding. Only a few times Joe is able to counter. But if he does Lukas is able to break free after a short time. He is way to powerful for the youngster. He lifts Joe up on his shoulders, swirls him around and throws him like a towel trough the room. Joe had never before experienced something like this . The torture ended for him onely after 40 minutes.
