Young Athletes 4

Artikel info:-

Joe was working out when Devin entered the fightroom. The two rivals got in trouble. After a few moments words were not enough so they went onto the matts. Devin is doing a good fight, because he wants to beat up his old competitor today. He performed a nice schoolboypin and rode on his muscles. Joe was unable to get out of this position and had to give up the first round. Ramon was watching the two guys for a while. He wanted to fight against Devin, because of the unfair move. Now he used the same nasty trick on him. The whole weight of Ramon was too much for Devin and he had to surrender. Ramon and Joe continued. The fight became way harder and more aggressiv. Ramon knocked Joe out with a painful full nelson, so he won the first round. But everyone who belive's that Joe is giving up would be wrong. Like in the fight before Joe needs some time to warm up. If this point is reached it gets dangerous for his enemies. Same in this match. This evening Joe takes it to a level we have never seen before. With extraordinary moves, brave aktions and a confidence hard to compare to anyone, he dominates the second half of this mini tournament. Wether Devin nor Ramon are able to stop his unshakeable will to win. His steeled thighs frighten his enemies. He celebrates every win like a trophy and shows his muscles. After an long bullypin from Joe, Devin needs to submit to him and is totally exhausted. Again and again Joe rides his muscles, pulls his head and let's him know who is the boss. Ramon has to submit to this force too. Both rivals leave angry the room. Joe continues his training and does not expect what is about to happen. Out of nowhere comes Devin and kicks Joe. This is the start of an fiercing fight between these rivals. Is Devin able to beat Joe this time?
