Sunny Afternoon Wrestling 8

Artikel info:-

This is the next round of our "Sunny Afternoon Wrestling" series. Joe and Jermaine meet at a cottage at the lake. They set up a trial of strength with arm wrestling. When Jermaine realizes that he's going to lose he gets unfair and drags Joe to the lake. He wants to throw him in but after a short grappling both guys end in the water. Now trouble is in the air and they head to the mats nearby. It gets hard and aggressive. Joe puts Jermaine into a headlock but he is able to fight back. And Jermaine can get mean. He chokes the little Joe, brings him onto his stomach, grabs his speedos and hauls him over the mats. After that Joe is warmed up and rides Jermaine's muscles while pinning him.

After that attack Jermaine gets even more aggressive and already the first round of this match is really tough. From second round on it gets even harder. They get really brutal and torture or humiliate the opponent whenever possible. Until the very end you are not able to predict who will come up as the winner.
