Free Fight 3

Artikel info:-

The title tells us what this fight will deliver. No talk, no spectators and a lot of sweat. Free Fight 3 promises: A good mixture of free-fighting and hard submission-wrestling. Ivan is an experienced fight sportsman and wanted nothing else than the challenge of a Free fights against Vladimir. This is a bitter fight to final victory and by the second round their bodies are heated up and so wet with sweat that they can hardly grip each other any longer. They are very closely matched in strength but in the end one of them will be victorious.
