He accepts and they enter the ring. Head to head they look each other in the eyes. Then it starts fast. Moe dominates the first rounds. He chokes Fabio and outs him into scissors. He controls the bigger and heavier guy. He loves the role as the dominator and presses his best parts into Fabio's face when sitting in schoolboy pin position on top of him. And he likes to attack Fabio with ballgrabs. But at one point Fabio counter attacks. He realizes that he has to do more to win this time. Now Moe is the one who has to suffer. It is not easy to defend oneself against aggressive 20kg more weight. Now Fabio sees that he has a good chance and the fight gets really interesting. It gets hard and Moe also gives everything to win again. Mean slaps in the face, biting, tying on each others hair, ballgrabs – the guys try everything to finish the opponent.
