Pain and Punishment - Part One

Artikel info:-

Joe and Moe are chilling in the club room. They talk and listen to cool music. After a short time Jayson and Francky appear. Actually it should be a cozy club evening but Joe and Moe start dissing the newbies. They start calling them pussy and even worse insults. It is clear what will follow: blondies against dark haired. In his last fight Jason has shown that he is a serious fighter. In Wild Christmas 2017 he has given everything and has shown some good moves. Today he is on the mat against Moe. Moe, presenting himself in a very tight black bikini slip competes against the younger but heavier Jason. In round one Jayson lifts the much lighter Moe up in the air and throws him back on the ground. That is the right tactic. Followed by a tough ground fight for the best positions. Jayson performs quite good on the ground but does not show his full repertory. He has to learn to use his legs much better. Moe realizes his weakness and exploits it right away. Moe is thin but quite fast. When he is able to counter attack it looks bad for his opponent. Moe puts Jayson into a headscissor with no escape for a very long time. When he finally gets free he is not able to assert himself against Moe who puts him into a headlock and throws him around. Now Moe is in the flow. He realizes that Jayson gets weaker and starts to torture him. He really starts to punish him. Starting with muscle riding and nipple twisting during a schoolboy pin. Ultra long head scissors and trampling attacks. Jayson has no idea how to react. And Moe does not take back but increases his punishment. It gets tougher brutal and perverse. No more details but we all know that Moe can fight himself in a rage especially when he realizes that he is the boss. But it is not completely one-sided. When Moe shows Jayson his back he uses his chance and attacks from behind. Is this the chance for Jayson to win this fight or will Moe keep on punishing him?
