Artikel info:-

After Toni did some artisanal work at the Fightplace studio Joe is really upset about the botch Toni left behind. Joe calls him and lets him come back to clear that botch. After a short time Toni appears and starts a big discussion with Joe. Toni takes that as very disrespectful. The situation nearly escalates until Hardy, who his training at that time, intervenes. That is too much for Toni. This discussion has to be resolved in a fight. That is quite clear for Toni and Hardy. They get rid of their craftsman clothes and they compete in shorts. But they do not keep on for a very long time as well since Toni wants to humiliate Hardy and starts stripping him. But he revenges quite fast and undressed the shorts of his rival as well. Tangas (thongs) appear which the guys wear under their shorts. Hot guys hot clothes From the second part of the fight on it gets more brutal. Hardy strips his opponent completely who takes revenge with ballgrabs. The attacks on cock and balls increase and get harder from both fighters. The last 15 minutes are extremely sweat-inducing require the max from both guys. Mean grabs, brutal throws and again and again grabs to the balls. This fights ends for Toni completely naked and with a technical K.O.. The sequel of the fight is a MUST! The jury is still out!
