Artikel info:-

A young Bulgarian, Tonjo, meets up with Cassidy. As both are experienced martial artists they decide to stage a fight in a boxing ring, and after warming up with some boxing training they start wrestling. It quickly becomes obvious that Tonjo is an experienced wrestler as he keeps attacking Cassidy from below, trying to off-balance him and take him down. Cassidy, whose background is in Kick boxing, has difficulties with this. When the shorts are later discarded the fight gets harder and even more energetic, causing both of them to run out of breath and the ground fighting to become longer. Suddenly the youngster Tonjo grabs Cassidy's pants, which don't survive this pull-test! Cassidy promptly takes revenge in the same way and so they proceed into fighting nude. When Cassidy realises that the smaller but very athletic Tonjo outmatches him, he starts to attack with aggressive ball grabs. His efforts are in vain, however, because in the end he has to surrender to Tonjo, who triumphs over him with a schoolboy pin and celebrates his victory with a splashy finish!
