Artikel info:-

Simon has made himself comfortable on the sofa and watches wrestling TV. He seems to be a real wrestling fan, he is even dressed in a wrestling singlet. He watches the action on TV and is totally excited. After a while Christoph joins in, swinging himself athletically on the sofa to Simon. Simon explains to him what's on TV. Christoph doesn't like muscular show fighter and wants Simon to switch to another program. Christoph looks for the remote control, but Simon doesn't have it over. There is a scuffle on the sofa. Simon makes this little skirmish quite hot, which you can see from the clear markings on his singlet. He makes the suggestion to have a fight on the Fightplace stage. Also Skinny Christoph is not averse and so both disappear next door into the combat room. Christoph, still in sweatpants at first, attacks intrepidly, as he is used to, but Simon clearly lets the macho hang out here. After a few rounds he asks Christoph to take off his sweatpants. Simon shows quite clearly that he is the dominant part in this fight. Over and over again he calls his opponent as bitch and loser, presses his feet in his face and makes Christoph his boy toy. Simon really gets going and wants his opponent to just even more. After stripping him completely, he grabs him by the hair and pulls him towards him. Now it is time to obey and serve the macho. After finishing the job he has to accompany his master to the shower and hand him towels.
