Artikel info:-

Simon has made himself comfortable on the sofa and watches wrestling TV. He seems to be a real wrestling fan, he is even dressed in a wrestling singlet. He watches the action on TV and is totally excited. After a while Christoph joins in, swinging himself athletically on the sofa to Simon. Simon explains to him what's on TV. Christoph doesn't like muscular show fighter and wants Simon to switch to another program. Christoph looks for the remote control, but Simon doesn't have it over. There is a scuffle on the sofa. Simon makes this little skirmish quite hot, which you can see from the clear markings on his singlet. He makes the suggestion to have a fight on the Fightplace stage. Also Skinny Christoph is not averse and so both disappear next door into the combat room. Christoph, still in sweatpants at first, attacks intrepidly, as he is used to, but Simon clearly lets the macho hang out here. After a few rounds he asks Christoph to take off his sweatpants. Simon shows quite clearly that he is the dominant part in this fight. Over and over again he calls his opponent as bitch and loser, presses his feet in his face and makes Christoph his boy toy. Simon really gets going and wants his opponent to just even more. After stripping him completely, he grabs him by the hair and pulls him towards him. Now it is time to obey and serve the macho. After finishing the job he has to accompany his master to the shower and hand him towels.

Christoph made himself comfortable on the couch with an open fire and hot reading. The heat of the fire makes him seemingly hot and so he lets his drives run free. Meanwhile his friend Josh sneaks in and watches him enjoying the magazine. This makes him very angry, after all he wants to be Christoph's object of lust himself and not some model from the magazine. The boys start the scuffle and since a little scuffle is not enough, they go next door to the mat. Once there they fight a hard and hot battle for victory and defeat. Josh is the heavier and stronger part of the match. He wants to dominate his little friend, even torture him a little bit to show him who is the macho man in this relationship. But little Christoph knows how to defend himself. Quick, agile and not timid when it comes to using nasty tricks, he can counter with good moves to make it not too easy for his lover. But in the end Josh gets what he was aiming for from the beginning. A long and fruitful blowjob of his "boytoy" Christoph.

At the beginning Peter is still a little shy, but he thaws quickly and notices what to do during the fight. A trick that he likes very much seems to crystallize already in his first fight. The Schoolboy pin. At least in his debut fight he likes to sit on Christoph's chest or his stomach. This time, Christoph invited a really cute boy to the Fightplace Studio. His name is

Peter, he is 21 years old and just wants to have a look at Fightplace. In his free time, Peter rides a lot of bikes and scooters, which you can see on his trained body. Especially his legs are strong, Christoph can still feel that during the fight. When both fighters tore their pants off, Peter also likes to press his best part into Christoph's face. The fight gets harder and Peter bears his first wounds. Christoph realizes now that he can't win against the pretty new guy. In the end Peter forces his opponent on his knees and orders him to do a great service :-)
