Tag Team Battle 16

Artikel info:-

Momo brought his hot BMW to the garage to change the tyres. To pick up the car, he arrives exactly at the time when the mechanics Fabio and Rais take a test drive with the good piece. But instead of gently taking the BMW for a little spin, they let the tyres go crazy until the whole road is under smoke. Momo is mad with rage. Still at the car he confronts Rais. To avoid a beating, Fabio makes the suggestion, to have a little match. If team "customer" wins, the team mechanics, Rais and Fabio, take over the costs for the tyres. Conversely, of course, Momo and Hector have to pay for the tyres themselves if they lose to Fabio and Rais. In the mat room Momo grabs his opponent Rais and immediately shows what the opponents have to expect this afternoon. No mercy, no half measures! Rais, who is similarly built as his opponent Momo, has every effort to stand up to the fighting titan Momo. More than ten years of experience in fighting techniques cannot be dismissed. For Rais it is only his second fight on Fightplace. He still lacks tricks and technique. Only Fabio can free him from the grip of Momo. In order not to get too wild on the fighting area, there has to be a regulation to bring things into order. Again it is Fabio who suggests a tag-team match. Two teams, four fighters, who can only take turns by tapping off their partner. Rais and Momo will start again. The two bodybuilders put up a tough fight. Momo can quickly place himself on Rais with a schoolboy pin. But Momo's real speciality is the body scissor. With his strong thighs he squeezes the air from Rais again and again. Additionally he humiliates him with wedgies, ass-slapping and nipple-torture. He is also not thrifty in dealing boxing blows. Fabio replaces Rais after he had his first tough encounter with Momo and had to give up slightly injured. Fabio fights well against Momo and almost gets him under control. But before this can happen, Momo is replaced by his partner Hector. Hector shows what he is made of and can almost defeat his arch enemy. From fight to fight he becomes more courageous and gains in technique. Fabio can only free himself from a threatening situation by tapping off. Now the little one has to assert himself against a bodybuilder! Rais is lucky. He gets to grab the little one with a headlock and thus also asserts himself in ground fighting. Rais also gives him some bad wedgies from the front and the back. In the second round against Rais it doesn't look better for Hector. Rais spansks him on his ass and under a schoolboy pin he has to suffer some muscle riding on his biceps. Rais lets the nastiness he suffered under Momo out to Momo's partner Hector. It continues with Fabio vs. Momo. Fabio also has to suffer under Momo's steel thighs. Several more times the pairings change this afternoon. Whoever can claim the victory after almost 90 sweaty minutes, you will find out in Tag Team Battle 16!
