Underwear Attack 5

Artikel info:-

A test fight after a previous casting shows that we cannot approve every applicant. You can see why when watching this fight between Carl and Nikolas. Although both are trying hard to cut a good figure, Carl even sweats a lot, the result is rather sparse. Even tearing up the pants doesn't make the whole thing much more exciting. Nevertheless we don't want to withhold the film from you and if you have a different opinion about the fight or the fighters, please feel free to send us an e-mail.
