Tag Team Battle 17 - Part Two

Artikel info:-

As Moe is negotiating with the new fighter Jamie, they notice two guys hanging around outside and tampering with a caravan. When Moe and Jamie catch the boys trying to break in, a wild scuffle immediately breaks out on the grounds. Of course Moe takes this opportunity to engage the intruders in a match. This way he can show Jamie how things work at fightplace and put the two strays in their place. 2 against 2 seems ideal for a tag team match. Without further ado, everything is explained to the boys and both teams take up position in the mat room. Moe in the team with Jamie against the team Amir / Tyson. Moe is the only experienced one on the mat. For the other boys it is new territory. But there is hardly any sign of it in the first match. The little gangsters go at it like anything else. Surely they have already been through a few street fights. Moe is not only the most experienced but also the oldest in this match. His team partner Jamie is only 17, the other two just 18 years old. Jamie showed surprisingly well in his debut. You can tell that he enjoys fighting. Especially when he can dominate his opponent, he is in his element. In long schoolboy pins he doesn't give his opponent a chance. But the little gangsters also cut a good figure for their first fight at fightplace. Extremely tough, persistent and provocative. There is no giving up early for these boys. They still have to work on some tricks and fitness, but for some of the fighters in our team they are certainly very serious opponents.
