Christmas Contest 2022 I

Artikel info:-

Christmas is just around the corner, and instead of spending the pre-Christmas season in the company of his loved ones Moe prefers to hang out in the Berlin studio and wants to give his crew a run for their money at the end of the year. He is particularly fond of Nicky, and loyal fans know why ;-). But now he doesn't want to go to the mat with Nicky himself, instead Moe wants to watch Nicky fight another boy. He has chosen Leonardo to do it. The boys are to start with arm wrestling and then show what they are made of in a fight. In the following minutes we get to see a nice mix of quite sporty competition paired with erotic phases that express passion and desire. Passion for wrestling, but also the desire to get into the opponent's pants.

Play length approx 34 min.
