Can you fight?

Artikel info:-

The first encounter of the boys in the gym of Fightplace does not end very friendly ;-). Marto (new at Fightplace, 18 years old) is practising the bench press. When Moe comes into the room, it immediately smells like a stink. Moe, of course, can't think of anything else but wanting to test the newcomer in wrestling. Marto agrees to a test of strength on the mat. The newcomer has a hard time at first, because he doesn't really know how best to proceed against Moe. So Moe has an easy time with him. But that is just what he needs, because Moe has lost the previous fights, so now he can triumph again. Moe wants to show the newcomer from the start that it will not be fun to go to the mat with him. He tugs at Marto's clothes until the shirt tears. Now Marto also begins to feel that he has to come up with something to keep up in the fight. And he does it with some nasty tricks. More and more he comes out of his shell. Moe likes his game with his opponent and uses some of his tricks. Marto is defeated and has to put up with slaps, foot attacks, gut punching and ball grabs as well as wedgies. Again and again Moe shows off his biceps when he sits on Marto in the Schoolboy pin. Apart from spanking Moe's ass (which he obviously enjoys), Marto can't think of too many tricks yet. How could he? It's his first fight and we have to turn a blind eye.
