His last attempt

Artikel info:-

Moe is on his way to the studio. Once there, he discovers Mika training. But Mika does not notice him. Moe wants to use this opportunity for a revenge. Quietly and completely unnoticed by Mika, he undresses in the next room and then surprises Mika with an assault. The surprise effect succeeds. He pushes Mika into a corner and actually manages to get Mika on the floor. With a successful schoolboypin he keeps Mika on the ground. But already in the second round the tide turns and Mika can counter, also with a schoolboypin. Mika maltreats his opponent with face punches and a few punches to Moe's stomach. The only thing that helps Moe now is to get out of this situation with not quite fair tricks. With a well-aimed bite into Mika's soft parts he is able to bring him down. Accordingly, Mika fights Moe furiously and aggressively for the next few rounds. He spansks him and is not gentle with him in any other way. However, Moe wants to win this rematch at all costs. It is to his advantage that both fighters sweat a lot. This enables him to free himself from his opponent's clutches from time to time. In addition, Moe manages to do some nice tricks every now and then, because his agility and speed are unsurpassed. However, Mika predominantly holds the reins of this fight. In this extremely hard submission match Mika shows that he is the king. And he lets Moe feel this clearly. With his feet he climbs on Moe, holds his feet in his face and delivers hard blows to his body and face again and again. You get to see a successful hard fight between two alphas, with many hot schoolboypins, very good fight scenes, wedgies and ball grabs. And a doggedly hard-fighting Moe, who has Mika well under control at times and tries to turn the tide until the last second. In the end, however, Mika wins the match and Moe has to undergo a nasty punishment.
