The christmas after match

Artikel info:-

Now it's no longer a secret. Our fans have seen in this year's Christmas film that

Joe is back in the team.

Still in good shape and with plenty of self-confidence, he teamed up with Nick against Moe and Finn.

The match didn't end well for him and he suffered a defeat.

But at that point, the Christmas party wasn't over yet.

Only Finn and Nick left the party. Moe and Joe stayed.

Because the two of them wanted to give it another go.

A one-on-one match, so to speak.

In two extremely tough rounds, the boys really let off steam and show off their skills on the mat.

Joe hasn't forgotten anything, but he lacks regular training.

His numerous fights at Fightplace are now working in Moe's favour.

He dominates Joe and plays his games with him.

Sexy schoolboy pins, hot wedgies and strong legscissors are the result.

Joe counters regularly, really tries everything but can't (yet) keep up with Moe's speed and extremely good

fitness.

This match is crying out for a rematch and Joe will have to train hard to beat Moe in the future.

Play length approx 30 min.
