My Match with Mohammed

Artikel info:-

Mohammed visits Wladi, where they watch TV and play on the computer. This begins to irritate Wladi because he had planned on testing Mohammed's fighting skills. Wladi also wants to make sure that he retains his title as The "King of Fightplace". So finally the mats are setup and the fight begins, quickly escalating into a hard-fought match between two equally-sized opponents, and it is not long before the clothes on both boys become ripped and torn. While Mohammed is strong, his perseverance begins to waiver, allowing Wladi to gain the upper hand and enjoy the pleasure of victory, round after round!
