Artikel info:-

If there were to be a poll about this film, it surely would have been awarded the title of "Sexiest Fightplace Movie of the Year." Charly and Knut are visiting Wladimir. They want to take revenge on him for his coming on to Charly's girlfriend. Wladi can only laugh about that, and he wonders why the two of them needed to show up together. Still, he has no choice but to take on his two adversaries. Push came to shove, finally resulting in a really intense fight. Jeans and shirts quickly get torn, and Wladimir begins to work on his opponents with ballgrabs. Man against man, they tug at their clothes until they are left facing each other only in their thongs. They throw themselves on the ground, and punish each other by nipple torture, wedgies and ballgrabs. When Charly realises that he stands no chance against Wladimir, he calls for Knut to help him. But he, too, fares no better than his friend. Finally, they decide they've had enough of that, and they attack Wladi together. Initially, Wladi manages them both, but after some time he finally runs out of strength to defeat the pair. Roughly 60 Minutes of super hot scenes are awaiting you in this film. All we can say is: "Hot, hot, hot!"
